## *Chairman's Message*

***"People tend to forget their duties but remember their rights."***

**-Indira Gandhi**

Dear Parents,

We at **SGA** firmly believe that rights come only when one performs one's duties and responsibilities and this notion forms the crux of our teaching system.

At **SGA**, our focus is not only to transform our students into global citizens but also to mould them responsible citizens who understand their responsibilities towards their family, society and the nation.

We make sure that our curriculum designed, infuses values of the society and qualities of a leader, making them a valuable asset to humanity.

We are deeply aware that the future of our country is being moulded, shaped and nurtured in our school and team **SGA Auraiya** will leave no stone unturned to achieve its goal.

**Dr. Anand Muni Mohan**

(M.Sc., M.Ed., Ph.D., E.S.E.Sc, FAEB, FNC)

## *Principal's Message*

***"Those who do not move, do not feel their chains"***

The unfathomable mind of the youths needs to explore their capabilities, new ideologies and must understand the relevance of reaching out in today's times. The primary role of education is to ignite young minds and imbue learners with the curiosity to discover and comprehend the world around them.

At **SGA**, it is our constant endeavour to nurture and inspire our learners by providing them an environment that is child - centric and conducive to learning leaves an indelible mark on the young minds.

The values which are inculcated amongst the students help to promote leadership. Inclusive education is a part and parcel of school's functioning. It helps in strengthening a strong sense of social life without discrimination.

We are dedicated to provide quality education to our students by fostering an atmosphere of close co-operation between faculties and students, creating a unifying atmosphere of excellence across all fields.

***"Leadership is the capacity to translate vision into reality"***

## *About Us*

SGA is a well established co-educational English medium school. This esteemed organization was founded by Dr. Ram Mohan Ji along with his brother Dr. Anand Mohan Ji in Mainpuri in the memory of his beloved parents (Shree Sukhveer Singh and Smt. Dilavari Devi). After successful establishment in Mainpuri, Etawah and two other cities, It has been established on NH2 at Janetpur Jaitapur Mod, in Auraiya.

At SGA we perceive at education as an empowering journey of intellectual, emotional and spiritual learning. Students at SGA are driven into advanced ways of learning through exploration and engagement. Our progressive academic curriculum and a rich array of value oriented co-curricular activities aims at moulding the students building blocks of society.

Dr. Ram Mohan and Dr. Anand Mohan both have gained several achievements in the field of education with their hard labour and special guidance. Both the brothers not only have earned a name in CBSE Board but simultaneously have also shouldered several salient accountabilities successfully. Under the miraculous guidance and direction of these two brothers, thousands of students, after clearing AIIMS, NEET, PMT, IIT, NDA, JEE and are the like, have established high standards in their careers. SGA ensures to render 'smart-class' based education drenched with Indian culture. It is our sole belief that every child has an inherent talent, but if the child is nurtured by an eligible teacher, his talent develops to the maximum. If kids get education through play way method, it enhances their special attachment towards education. Keeping this fact in mind, SGA has already planned to establish a 'kids park'. Well equipped labs will be one of the features of this institute. We also wish that promising students will be given special discounts in fee so that these students may get encouragement time to time. Keeping in mind the Indian Govt. Scheme, 'Padhe Betiyan' 'Badhe Betiyan', girls will be given fifty percent discount in their admission fee.

*Nurturing talent  
Promoting growth*

### ***Our Vision***

We, at SGA, are led by our vision of giving valuable learning experience and quality education to our students with the blend of technology and culture.

### ***Our Mission***

Our mission is to strive to discover true knowledge and learning and with each passing year, our endeavour continues.

### ***Our Aim***

We aim to provide a positive learning environment which encourages and empowers all our students to develop high sense of responsible citizenship which includes a deep sense of justice, an unshaken faith in humanity, an acute concern of our surroundings and an abiding faith in honesty and integrity.

## *Our Curriculum*

In these changing times, the main purpose of education is to prepare and integrate an individual within the framework of the society, to qualify them for work, to teach them values and morals of society and SGA stands committed to achieve this goal.

However, while promoting scholastic development, we ensure that the co-scholastic domain is given the requisite attention. It is imperative that the children have a sound personality and are able to face the world self-assuredly.

Keeping this in mind, we encourage students to learn through hands-on experience, seminars and group activities, thereby providing the students an opportunity to explore and discover their capabilities and unique talents.

## ***Facilities at SGA***

### ***Computer Room***

Very well equipped computer room is a backbone of any institute. With the help of Latest computer software students will be imparted CBSE/ NCERT syllabus so as to put into practice the principle of "seeing is believing" which makes learning easier.

### ***Smart Class***

School will provide the facility of Smart Class to its students. The modules provided by the smart class are based on universal concept.

### ***Library***

The library is the nerve centre of an institution. It provides materials to supplement and enrich instructions and guidance given in the class rooms. It exists to serve the objectives of its parent organization. Our library also aims at becoming a centre for educational excellence and references.

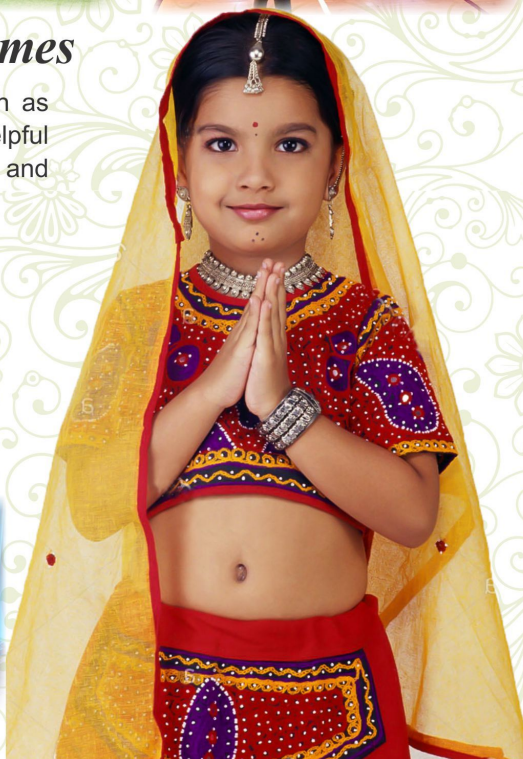

## ***Sports***

Special attention will be paid to the physical development of the students through various activities. The school has a very vast & separate playground for outdoor games. Facilities of indoor games are also available.
